May 2020 Warehouse Safety Calendar & Topics for Meetings

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
3 <u>1</u> Finger Nail Hazards:					1 COVID-19:	2 Inspections:
Look before grabbing, keep them trimmed, use PPE.					Tell me three (3) ways to reduce risks. Wash hands, use spray and social distance	Name two (2) kinds of hand injuries that can happen on the job. How can we prevent them today?
3 Aisle Safety: Name two (2) ways to	Dock Area Hazards: Discuss ways to reduce	5 Pre-Inspections:	6 Reporting Incidents:	COVID-19:	6' 6' and 6' 8 Intersection Accidents:	9 Two-Bay Rule: Stay two bays away
reduce risks in aisles. Use horns, slow down/stop, seatbelts evacuation areas.	risks. Seatbelts, slow down, stay on equipment, be seen, vest and/or cone	Talk about pre-equipment checks and ask five (5) things that must be checked. Talk about why the checks are done.	Why must you report incidents and injuries? Reduce more, monitor even small injuries, warn others.	Clean equipment, use spray and ensure your equipment is cleaned before use. Keep hands away from Face, wash hands a ton!!!!	Tell me a way to reduce risks.	from forklifts that are working a reserve or (load) – Use SLAM.
10 COVID-19: Hygiene: Tell me two ways to ensure you and equipment are clean?	Open-Ended Question - Horns: Why do forklifts use horns when exiting trailers? What can happen if horns are not used?	Foot Injuries: Name two (2) ways to reduce risks. Hard toe, running lines, hold hand rails.	13 Have a Site-Specific Demonstration	Pinch Points: Demonstrate or have meeting at a pinch point-make sure people clearly understand the cost of loss of limb.	Ask: Where are the potential areas where an oil spill can occur? Where are the spill kits kept?	16 Cross-Aisle Etiquette: Demonstrate and discuss cross aisle etiquette – always communicate.
17 Coaster Mechanisms & Running Lines: Talk about these expectations.	18 Open-Ended Question - Docks: What are some of the hazards on the dock? Foot traffic, people etc. Discuss how to reduce risk to ALARP.	19 SLAM: How will you use to reduce risks? How can I be Injured? How can others? How can equipment?	20 Quiz	21 Have a Site-Specific Demonstration	Pinch Points: Hold Pre-Shift: Discuss pinch point created by MHE or being pinned by moving or stationary equipment. NEVER HAVE LIMBS OUTSIDE EQUIPMENT.	23 Seat Belts: Why do you wear them?
24 Fingers:	25 Knife Safety:	26 Hydration:	27 Aisle Safety:	28 Travel Lanes:	2 <u>9</u> COVID-19:	30 Foot Injuries:
What are two ways to injure fingers? Pallets, nails, cuts	What's the expectation? Only safety knives	Take water to pre-shift & explain: take your weight divide ½ for daily need of water in ounces.	Hold pre-shift meeting in the aisles and ask what are some of the hazards (congestion, debris etc.)	Discuss using proper travel lanes, no cutting thru empty product lanes. Remind everyone of being aware of their Surroundings.	Discuss proper way to maintain mask and take off – never grab front with hands.	Name two (2) ways to reduce risks. Hard toe, running lines hold hand rails.
